I. Wind Energy Worldwide - Statistics 11

World Wind Energy Report 2010	World Wind Energy Association	13
-------------------------------	-------------------------------	----

II. Country Reports 27

1. Africa 29

Algeria	Ouahiba Guerri	31
Egypt	Mohamed Mostafa El-Khayat	33
Ethiopia	Mehari G. Beyene / Sebastian Herzig	36
Morocco	Khalid Benhamou	39
Namibia	Conrad Roedern	42
Nigeria	Tony Okpokam	45
South Africa	Hans Boer	48
Tanzania	Reuben M. Kainkwa / Rogers A. Msuya	50
Uganda	Atuhaire Rodgers	52

2. America 55

Latin America 57

Argentina	Santiago Piva / Alejandro T. García	59
Brazil	Everaldo Feitosa / Gustavo de Novaes Pires Leite	63
Caribbean Islands	Alejandro Montesinos Larrosa/ Conrado Moreno Figueredo	65
Central America	Jean- Daniel Pitteloud	69
Chile	Arturo Kunstmann	71
Colombia	Hugo León Herrera / Luis Fernando Rodríguez	75
Costa Rica	Paula Rojas Hilje / Björn Pieprzyk	77
Cuba	Conrado Moreno	80
Mexico	Eduardo A. Rincón Mejía / Brenda G. Salazar Aguilar	83
Panama	Antonio Clement	87
South America (Rest)	Jean- Daniel Pitteloud / José Cataldo	89
Venezuela	Jean-Daniel Pitteloud	91

North America 93

Canada	Volker Thomsen	95
United States of America	Neil Veilleux/ Wilson Hambrick	101

3. Asia 111

China	Shi Pengfei	113
Chinese Taipei	Yule K. Wang	116
India	Anagha Bhambri	119
Indonesia	Dani Rusirawan / Liman Hartawan	127
Iran	Keyvan Shahla / Ali Mostafaeipour	131
Israel	Ben Spitz	133

Japan	Chuichi Arakawa / Hikaru Matsumiya	135
Jordan	Omar Badran	140
Kazakhstan	Gennady Doroshin	143
Democratic People's Republic of Korea (North Korea)	Rim Mu Song	145
Republic of Korea (South Korea)	Choong-Yul Son	147
Mongolia	Dandar Oyunbat / Enkhmend Myagmardorj	150
Nepal	Ram P. Regmi	152
Pakistan	Irfan Afzal Mirza / Syed Tahawar Hussain	154
Philippines	Mario Marasigan	157
Syria	Ali Hamzeh	161
Thailand	Wolfgang Peter Kurz	163
Vietnam	Angelika Wasielke	165

4. Australia / Pacific 169

Australia	Felicity Sands / Kane Thornton / Heinz L. Dahl	171
New Zealand	Tania Hood	174
Pacific Island Countries	WWEA	180

5. Europe 183

Austria	Ursula Nährer	185
Belgium	Jade Charouk	187
Bosnia and Herzegovina	Ajla Lukac / Mustafa Music	190
Bulgaria	Velizar Kiriakov	192
Croatia	Kresimir Stih	195
Cyprus	Alex C. Christofides	198
Czech Republic	Milan Smrz	201
Denmark	Frede Hvelplund	204
Estonia	Tuuliki Kasonen	208
Finland	Folke Malmgren	212
France	Marion Lettry	214
Germany	Georg Schroth	217
Hungary	László Tóth	222
Ireland	Martin McCarthy	225
Italy	Andrea Marchisio / Giacomo Arsuffi	230
Latvia	Paul Barons	234
Lithuania	Aleksandras Paulauskas	236
Malta	Robert N. Farrugia & Tonio Sant	238
Norway	Øistein Schmidt Galaaen	241
Poland	Thomas Schickling	243
Portugal	Isabel Cancela de Abreu	246
Romania	Adrian Bej	249
Russian Federation	Victor Elistratov	253
Serbia	Bojan Kovacic	257
Slovakia	Peter Stibrany	261
Spain	Mischa Bechberger	263
Sweden	Gunnar Grusell	268
Switzerland	Reto Rigassi	274
The Netherlands	Fabian Musall	277
Turkey	Tanay Sidki Uyar	280
Ukraine	Andriy Konechenkov / Galyna Shmidt	283
United Kingdom	David Milborrow	287

III. Special Reports	295
1. Policies	297
1.1 Global Energy Transfer Feed-in Tariffs (GET FIT) – an Innovative Financing Mechanism Mark Fulton & Silvia Kreibiehl	299
1.2 Wind Power in Developing Countries: German International Cooperation Hein Winnubst	303
1.3 Convenient Action Plan for Effective Wind Energy Policy in Turkey Cenk Sevim	305
1.4 Distributed Renewable Energy in Argentina: A Technology Roadmap for Sustainable Development Julian Tuccillo	309
2. Industrial Trends and Innovative Concepts	313
2.1 The Technology Route of Wind Energy Development in China He Dexin	315
2.2 Success Factors for Internationalisation of the European Wind Industry Supply Chain Sarina Keller	320
2.3 Wind Industry Trends: India Gaurav Gandhi / Pradeep Kumar / Mahesh Vipradas / Chintan Shah	324
2.4 Certification of Wind Turbines: First Experience with the GL-Guideline for Onshore Wind Energy – GL 2010 Mike Woebbeking	328
2.5 Repowering offers immense Potential: The Case Study Schneebergerhof, Germany Christian Hinsch	332
2.6 Research on an innovative Seawater Desalination System using non-grid-connected Wind Power Weidong Gu / Xiaobin He	334
3. Financing	339
3.1 Crossing Borders: Development and Financing of Projects in Emerging Markets Eric McCartney	341
3.2 Financial Innovation among the Community Wind Sector in the United States Mark Bolinger	346
3.3 Aspects of Financing Renewable Energy Projects in Southeast Europe Jessica Klein	350
4. Integration and Optimisation of Wind Power into the Electricity Grid	353
4.1 Grid Connected Systems: Interconnection, Transmission and Generation Siegfried Heier / Jean Patric da Costa / Katharina Messoll / Boris Valov	355
4.2 Combining Wind and Hydropower Daniel C. H. Prowse	365
4.3 Overview of Wind Power Integration and Operation in China Pei Zheyi	371
4.4 Grid Reinforcement of Austrian Power Grid due to Wind Integration Klemens Reich / Herwig Renner	375
4.5 Optimised Storage Operation in virtual Power Plants in the Electricity Market Patrick Hochloff / André Baier / Falk Gerner / Katharina Lesch / Florian Schlögl	379
5. Offshore Wind Energy	387
5.1 Large scale Integration of Offshore Wind Power through Wind Farm Clusters Alejandro Gesino / Bernhard Lange / Kurt Rohrig	389

5.2	Offshore~WMEP: Monitoring Offshore Wind Energy Use Philipp Lyding / Stefan Faulstich / Paul Kühn	398
5.3	Overcoming Challenges for the Offshore Wind Industry and Learning from the Oil and Gas Industry Ian Edwards	402
5.4	Vessels used for Construction and Maintenance of Offshore Wind Farm. An Overview Thomas Wissmann	406
6. Small Scale Wind Systems		409
6.1	The Application of Chinese Small Wind Generators and Wind-Photovoltaic Hybrid Systems Qi Hesheng / Shen Dechang	411
6.2	Certification and Quality Assurance of Small Wind Turbines Ignacio Cruz / Luis Arribas	416
6.3	Technical Requirements for Small Wind Generators in Cuban Conditions Conrado Moreno / Guillermo Leiva Viamonte	419
7. Community Power		423
7.1	Community Power: The Right of People to utilise Renewable Energy Josep Puig	425
7.2	The Importance of Community Power in Sustainable Energy Planning Sarah Martin	429
7.3	Locally Owned Wind Power in Schleswig-Holstein (Germany) and International Comparisons Paul Gipe	433
8. Education, Training and Capacity Building		439
8.1	Developing Local Capacity, Training and Education to their Full Potential: Current and Potential Roles of the International Renewable Energy Agency and the UNFCCC Technology Mechanism José Etcheverry	441
8.2	Wind Assessment and Measurement in Chile Tim-Patrick Meyer	445
8.3	How to meet the Needs for additional Personnel in the Wind Power Sector? Liselotte Aldén / Kai Schlegelmilch	450
8.4	Responding to the Skills Gap: The Activities of BZEE Gerard McGovern	456
