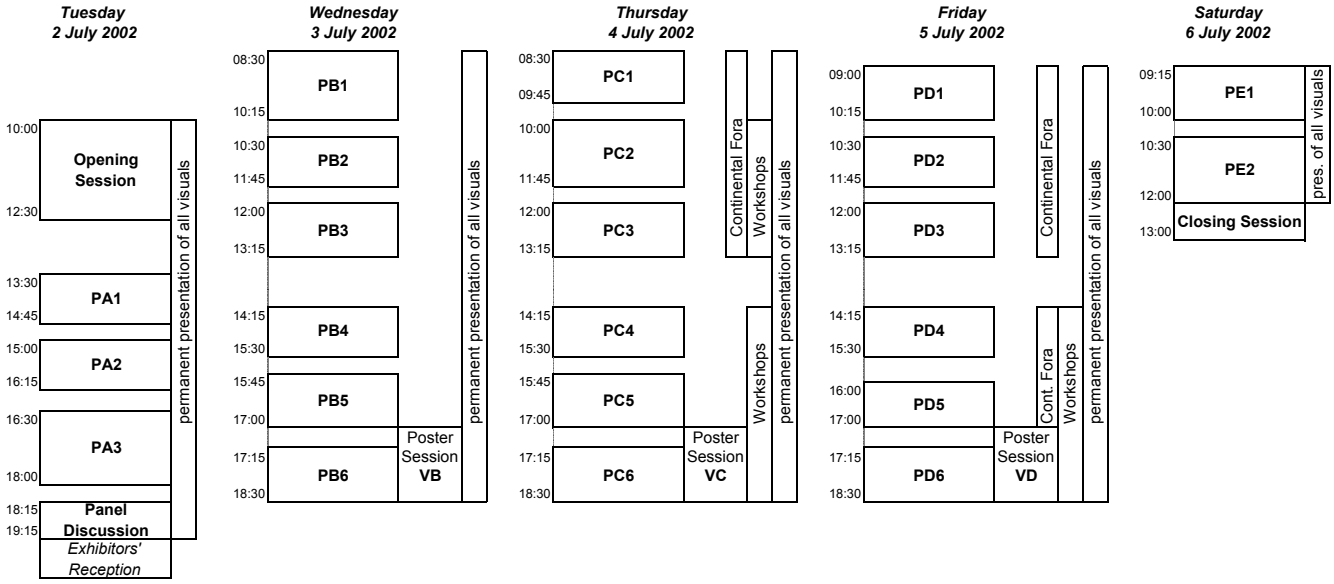
The World Wind Energy Conference and Exhibition - Berlin

Programme Outline



Session Guide referring to Programme Outline

Tuesday, 2 July
Opening Session
PA1 National Reports from Around the World
PA2 National Reports from Around the World
PA3 National Reports from Around the World
Panel Discussion: Spreading Success Stories of Wind Power Deployment around the Worl

Wednesday, 3 July
PB1 Review of Wind Markets, Policies and the Industry
PB2 Environmental, Economic Aspects and Job Creation
PB3 Environmental, Economic Aspects and Job Creation
PB4 Wind Power Penetration Scenarios
PB5 Wind Power Penetration Scenarios
PB6 Technics, Cost and Operation of Wind Energy in Large Networks
VB1 Global, Regional and National Policies and Markets
VB2 Economic, Social, and Environmental Issues
VB3 Integration and Implementation

Thursday, 4 July
PC1 Wind Energy Prediction
PC2 Investment Instruments for Wind Power
PC3 Financing in Developing Countries
PC4 Applications in Rural Areas and Islands, Hybrid Systems
PC5 Applications in Buildings, for (Water) Desalination, Hydrogen, etc.
PC6 Off-shore Wind Parks
VC1 Financing
VC2 Offgrid and Specialised Applications
VC3 Generic R&D

Friday, 5 July
PD1 Off-shore Wind Parks
PD2 Off-shore Wind Parks
PD3 Control Strategies, Generators, Blades, Certification and Maintenance
PD4 Control Strategies, Generators, Blades, Certification and Maintenance
PD5 Control Strategies, Generators, Blades, Certification and Maintenance
PD6 Control Strategies, Generators, Blades, Certification and Maintenance
VD1 Technology Development and Certification
VD2 Off-Shore Wind Farms
VD3 Capacity Building

Saturday, 6 July
PE1 Multi Megawatt Wind Turbine Development
PE2 Multi Megawatt Wind Turbine Development
Closing Session

Session Codes:
P Plenary Session
V Visual Presentation
A Tuesday, 2 July
B Wednesday, 3 July
C Thursday, 4 July
D Friday, 5 July
E Saturday, 6 July

Visual Presentations will be o
display throughout the whole
Conference.
